Graduate Success Story

“PMI Paved the Way For My Success”

Alex Campas – Ophthalmic Medical Technician Program

Graduate of Pima Medical Institute, Tucson, Arizona

Submission date: June 2009

As I see it, Pima Medical Institute (PMI) paved the road to my awesome success story. I'm proud of the TONS of patients I have helped see (literally), and I am proud of the person and the professional I have become. I used to be pretty shy and stand-offish, but that “ice” was broken because of the gentle, hands on way that PMI teaches. I even had perfect attendance throughout my program!

It has been ten years since I graduated, but my family and friends still are proud of what I have accomplished. There is no better feeling than waking up every morning (even a Monday) and loving going to work! I would like to thank the instructors and administration at PMI for the role they played in My Success!

Pima Medical Institute, Tucson, Arizona, holds institutional accreditation by ABHES
