

# WE WANT TO HEAR FROM YOU!

As a valued member of our community, ABHES requests your time to assist with the regular review of the standards of the *Accreditation Manual*.

ABHES has a process for maintaining the adequacy and relevance of its standards to achieve its mission. Each year, ABHES asks its constituencies to provide input on select areas. This year, we are reviewing Chapter IX. Results and comments will be reviewed by the ABHES Distance Education and Standards Review Committees.

Please complete the survey below by Monday, October 24, 2022, to review **distance education standards** and provide suggested changes.

Thank you! We appreciate your input!
